About The City - Bhavnagar

Bhavnagar, the "Cultural Pearl of Saurashtra," is a vibrant seaside city founded in 1724 by Maharaja Bhavsinhji Gohil. Known for its royal legacy, intellectual spirit, and warm-hearted people, Bhavnagar blends heritage, industry, and natural beauty. With the Gulf of Khambhat adorning its coastline, the city serves as the gateway to iconic destinations such as the Blackbuck National Park, Velavdar-a world-famous sanctuary where blackbucks roam across golden grasslands. About 50 km away lies Alang, the world's largest ship-breaking yard, symbolising Bhavnagar's industrial strength and global relevance. Bhavnagar is celebrated for its culinary delight-especially its iconic Ganthiya, beloved across India. As a hub of education, culture, commerce, and social transformation, the city continues to strengthen Gujarat's progressive identity. Well-connected by road, rail, and private travel networks, Bhavnagar welcomes visitors with the warmth and vibrancy of true Saurashtrian hospitality.

About The Management

Smt. R. D. Gardi Bhavnagar Stree Kelavani Mandal stands as one of the oldest, most respected, and visionary institution in Gujarat dedicated to the advancement of girls' education. Established in 1925 by the enlightened leadership of His Highness Maharaja Krishnakumarsinhji of Bhavnagar, Shri Balvantrai Mehta (Former Chief Minister of Gujarat), Sir Prabhashankar Dalpatram Pattani KCIE, and several other pioneering social reformers, the Mandal emerged at a time when opportunities for women's education were scarce and often overlooked. Guided by the ideals of social upliftment, equity, and gender justice, the Mandal embarked on a transformative mission to make education accessible, meaningful, and empowering for girls and women across the region.

A historic milestone was achieved in 1988, when the Mandal received a generous and heartfelt contribution from Shri Dipchandbhai Gardi. In honour of this noble gesture, it was renamed as Smt. R. D. Gardi Bhavnagar Stree Kelavani Mandal-a name that continues to inspire trust, dedication, and a legacy of service.

Today, the Mandal proudly administers nine educational institutions, ranging from Kindergarten to Post-Graduation, alongside a well-equipped Girls' Hostel and an active Centre for Social Welfare. With nearly 3,500 girls pursuing their education under its care, the Mandal's century-long journey stands as a beacon of women's empowerment, academic excellence, and inclusive progress-not only in Bhavnagar and Saurashtra, but far beyond. The Mandal is celebrating its centenary year, marking 100 years of excellence in academic, innovation, and service to society.

About The College

Smt. N. C. Gandhi and Smt. B. V. Gandhi Mahila Arts and Commerce College, Bhavnagar established in 1951, it is the first women's higher educational institution in the region. The college aims to provide affordable, accessible, and quality education to girls from rural, needy, and economically weaker sections of the society. For over seven decades, the college has upheld academic excellence, moral values, leadership development, and personality enrichment, shaping generations of confident and socially responsible women. Our college offers a rich Library and E-Library, a fully equipped Computer Lab, Smart Classrooms with ICT-enabled teaching, and a Wi-Fi campus. Skill development is strengthened through the Finishing School, Innovation Club, Startup & Innovation Cell, Tally Certificate Course, CCC Course, and the Placement Cell. Students actively engage in NCC, NSS, cultural programmes, social outreach, yoga, fitness activities, and indoor–outdoor sports, including access to a gymnasium. The campus ensures safety and quality infrastructure with CCTV surveillance, a clean environment, an auditorium, a Cyber Security Cell, and the National Task Force Centre (NTF).

Concept Note

Empowering Educators : AI Tools and Techniques for Multidisciplinary Excellence Artificial Intelligence is reshaping global education. It is not merely a tool-it is a strategic collaborator that personalizes learning, enhances research, accelerates innovation, and transforms academic ecosystems. From intelligent assessments to AI-driven research analysis, from generative lesson planning to automated content creation, AI empowers educators to design adaptive, inclusive, and creativity-driven experiences across all disciplines.

Recognising the potential of AI, the college is organizing this National Seminar to:

- Explore next-generation AI tools for teaching, learning, and research.
- Facilitate hands-on demonstrations of AI-powered educational platforms.
- Showcase multidisciplinary applications of AI across Humanities, Commerce, Science, Law, Technology, and Sports.
- Cultivate a future-ready academic landscape where educators lead with innovation.

This seminar envisions a powerful synergy between human creativity and artificial intelligence-enabling educators to inspire, innovate, and transform the future of higher education.

Objectives of Seminar:

- To enhance educator competency and equip educators across disciplines with practical skills to integrate ai tools into teaching, learning, and assessment practices.
- To promote multidisciplinary collaboration and foster cross-disciplinary exchange of ideas, case studies, and best practices in ai-driven education and research.
- To encourage innovation in pedagogy and showcase ai-enabled strategies for personalized, engaging, and inclusive learning experiences.
- To facilitate hands-on learning and provide interactive workshops and demonstrations of ai applications relevant to various academic fields.
- To address ethics and policy and discuss ethical considerations, data privacy, and policy frameworks for responsible ai adoption in education.
- To build sustainable networks and establish partnerships among educators, industry experts, and policymakers to drive continuous professional development and innovation.

Sub themes:

1. Humanities: AI-Enhanced Creativity, Cultural Intelligence, and Linguistic Futures (Including Language, Linguistics, Phonetics, and Phonology)
2. Social Sciences, Law & Education: AI for Societal Insight, Policy, Justice, and Transformative Learning (Covering Teaching, Learning, Evaluation, Research Methodology and Political and Social Systems)
